

Governor's Business Plan

Business Plan Summary– June 2025

1. **Playground equipment** – We have new equipment in place, but now looking for a second piece of equipment more suitable for Key Stage 1 children
2. **School house** – We are looking to develop the schoolhouse providing further classroom space and offices for the school
3. **Reception and Entrance refurbishment** – updating these key areas of the school, decorating and making general improvements
4. **Literacy Tree** – Reading scheme now purchased and in place, but we are looking to purchase further books and resources to support this
5. **Building upgrades** – The school building is requiring new windows and doors for the main school building. This is a longer-term project with very high cost of replacement. Toilets for year 4 are also ready for refurbishment
6. **Technology upgrades** – The school has now replaced 52 laptops, but now looking to replace the classroom tablets
7. **Nature learning** – The Eco council are looking to support the school in furthering the gardening club and growing opportunities with the goal of the school applying for a green flag environmental award
