4. Learning and development

In partnership with parents, the school will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Early years foundation stage statutory framework'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

Prime areas – defined as the areas that are particularly important for learning and forming relationships. They build a foundation for children to thrive and provide a basis for learning in all areas. The prime areas are: :

- Communication and language
- Physical development
- Personal, social, and emotional development

Specific areas – defined as the areas through which help strengthen and develop the three prime areas, and ignite children's curiosity and enthusiasm. The specific areas are:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

The school will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.

- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and/or carer and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring they are ready to benefit from the opportunities available to them when they begin Key Stage 1.
- If a child does not have a strong grasp of English language, staff will explore the child's skills in the home language with parents and/or carers, to establish whether there is cause for concern about language delay.

When organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring – children investigate and experience things, and 'have a go'.
- Active learning – children concentrate and keep trying if they encounter difficulties and enjoy achievements.
- Creating and thinking critically – children have and develop their own ideas, make links between ideas and develop strategies for doing things.

Each child will receive the support to ensure their learning and care is tailored to meet their individual needs.

5. Assessment

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with the statutory framework, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Reception Baseline Assessment (RBA) – a short assessment which is taken within the first six weeks of a child starting Reception. The requirements of the RBA are set out in Annex B of the EYFS statutory framework.

- The Early Years Foundation Stage Profile (EYFSP) – a comprehensive assessment completed in the final academic year in which the child reaches age five, and no later than the 30 June, to provide a well-rounded picture of a child’s knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1. The EYFS profile will be shared with the child’s year 1 teacher, to help inform a discussion between the reception and year 1 teachers about each child’s stage of development and learning needs. It will also assist with the planning of activities in year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents and/or carers will be kept up-to-date with their child’s progress and development, and the class teacher will address any learning and development needs in partnership with parents. The school will share the results of each child’s EYFS profile (but not the reception baseline assessment) with parents and/or carers.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

In exceptional circumstances, after discussion and only in agreement with parents and/or carers, a child might remain in EYFS provision beyond the end of the academic year in which they reach age 5. In these exceptional cases, assessment are continued throughout the child’s time within EYFS provision and the profile will be completed once, at the end of the year before the child moves into year 1. However, if it is felt a child needs to move up, there is flexibility across the school to access the appropriate level of learning.

When undertaking assessment activities, all staff members will have due regard to the Early Years Foundation Stage Framework, any advice from the LA, and the ‘Early Years Foundation Stage Profile Handbook’ and the ‘Assessment and Reporting Arrangements’ (ARA) for that year.

The school must report EYFS Profile results to local authorities, upon their request.

6. Inclusion

All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Equity Information and Objectives Policy will ensure that the needs of all children are met, regardless of any protected characteristics they have.

The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

The Special Educational Needs and Disabilities (SEND) Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school’s SENCO.

7. The learning environment

The school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas.

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

8. Safeguarding and welfare

The school will take all necessary steps to keep children safe and well and comply with the requirements of the 'Statutory framework for the early years foundation stage' to:

- Safeguard children.
- Ensure the suitability of adults who have contact with children.

The DSL is Jan Martin. The deputy DSLs are Claire Pulham, Claire Woods and James Lawson.

The DSL will be responsible for safeguarding children and liaising with local children's services and Local Safeguarding Partners as appropriate. The deputy DSL will undertake the duties of the DSL in

their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect as set out in Annex C of the EYFS statutory framework for group and school based providers.

Where there are concerns about a child's safety or welfare the school will follow our Child Protection Policy.

For the purposes of this policy, the term “**mobile phone**” refers to any electronic device that can be used to take images or record videos, including tablets.

Photography policies and procedures are addressed in full in our Communication Devices Policy.

13. Information and records

Information will be stored in line with the UK GDPR and the Data Protection Act 2018, and with regard to the school’s Data Protection Policy.

14. Parental involvement

We firmly believe that the EYFS cannot function without the enduring support of parents.

Parents will be invited to parents' evenings in the autumn and spring terms and there is the option for another meeting in the summer term after reports have gone out; however, the school has an open-door policy and parents are welcome to talk to teachers at the start and end of the school day. A room is available for confidential discussions between staff and parents.

Parents will be asked to sign permission slips for any visits out of school, use of photographs of their child and using the internet at school.

Parents will be asked to complete admission forms, a medical form and to write a brief synopsis about their child to help the school to understand their character and personality.

15. Transition

Transition into Reception

Prior to the children entering Reception:

- Staff will visit children in their pre-school/nursery settings to meet with their key workers and see each child in their familiar setting.
- Children are invited into reception for a stay and play visit in July, more sessions may be offered if required.
- Parents will be invited to attend an information session with the headteacher and EYFS Team in the Summer Term before their child starts at the school.

During the first term of reception:

- Children will undertake the Reception Baseline Assessment (RBA) within the first six weeks of starting Reception. Children will not be required to prepare for the assessment and, in most cases, children should not be aware that they are being assessed. Children with SEND or EAL will be included in the assessment. The RBA will not be used as a formative or diagnostic assessment.
- A parents' evening will be held to provide parents with information about the curriculum and give them the opportunity to reflect on the transition process, as well as address any questions or concerns.

Throughout the year, parents will be encouraged to share any information, concerns or successes with staff.

Transition into KS1

In the final term of the academic year in which the child reaches age five, and no later than 30 June in that term, the EYFS profile will be completed for each child and submitted to the LA upon request.

The EYFS profile will provide an outline of each child's progress, assessed against the ELGs and their readiness for Year 1.

For each ELG, teachers will judge whether a child is:

- Meeting the level of development expected at the end of the EYFS – expected.
- Not yet reaching this level – emerging.

During the summer term, prior to entry into Year 1, reception children will:

- Begin to join the main school on the playground during break, supported by a member of Reception staff.

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Learning journals, phonics assessments, examples of writing, parent consultation records and suggested pupil groupings will be passed on from the Reception teacher to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of ‘emerging’ for one or more ELGs.

During the first term:

- The Year 1 timetable, in terms of provision, planning and child-led learning, will remain similar to Reception, including free choice opportunities, sand, water and malleable play, and morning and afternoon outdoor play, as far as possible.
- Children will continue to be assessed on the EYFS profile, if appropriate.
- Consideration will be given to the links between the seven areas of learning in the EYFS and the national curriculum subjects.
- The more formal teaching of Year 1 will be introduced gradually.

16. Monitoring and review

This policy will be reviewed every 3 years or as necessary by the governing board and the headteacher.

Any changes made to this policy will be communicated to all relevant stakeholders.

All members of staff directly involved with the EYFS will be required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction.

The next scheduled review date for this policy is October 2029.
